## CONTRACT PRESS UPGRADES

---

### Air Clutch/Brake Unit Facing Upgrade

This kit updates your existing clutch/brake with new, more aggressive facings.

#### Benefits:

- Increased brake friction for better reaction time.
- Provides increased protection of press and dies.
- Extends the life of your brake facings, reducing downtime for rebuilds

#### Package Includes:

- New brake facings
- Mounting hardware
- Steel brake disk

#### Press Lines:

- All presses utilizing the Minster air clutch/brake units.
