
Minster Rotary Union For Air Clutches

Ref. Part No. 810-0343

The new air rotary union package replaces the old slower speed leather seal style rotary air union.

Benefits:

- Applicable to Higher Press Speeds.
- Better part availability.
- Ease of maintenance
- Reduces hours of downtime by eliminating the periodic replacement of the leather seal.

Package Includes:

- Rotary union
- Distributor spindle, seal and adapter
- All necessary plumbing and mounting hardware
- Installation instructions

Press Lines:

- Any Minster press with an air clutch
